## STATUTORY REPORTING REQUIREMENT

### JANUARY 2023

## **Community Trigger – Statutory Reporting Requirement**

In Northumberland, Tyne and Wear, the Community Trigger process is a regionwide partnership arrangement. All Community Trigger activations across all of the 6 Local Authority area are received and coordinated by the Northumbria Office of the Police and Crime Commissioner who liaises with and works in partnership with Northumbria Police and the Community Safety Partnerships for each area.

The ASB Crime and Policing Act 2014 states that relevant bodies must publish the following information:

- the number of applications for the Community Trigger received;
- the number of times the threshold for review was not met;
- the number of Community Trigger case reviews carried out; and
- the number of Community Trigger case reviews that resulted in recommendations being made.

Northumbria OPCC are responsible for publishing the statutory reporting information from the re-launch of the new procedure in July 2022. The data presented is broken down into geographical area depending on where the ASB is taking place.

For data prior to July 2022 please contact the respective Community Safety Partnership.

The OPCC will publish this data every 12 months.
