SCHEDULE 5 – SERIOUS UNTOWARD INCIDENTS

Definition

A Serious Untoward Incident (SUI) can be defined as **an event which results in serious injury, major permanent harm, or unexpected death**. The Commissioner regards a **Serious Untoward Incident** as an incident or accident or near-miss where a person accessing a service, member of staff, or member of the public suffers serious injury, major permanent harm or unexpected death and where the actions of the Recipient or the Commissioner are likely to be of significant public concern.

The occurrence of a serious incident demonstrates weaknesses in a system or process that need to be addressed to prevent future incidents leading to avoidable death or serious harm. The definition below sets out circumstances in which a serious incident must be declared. Every incident must be considered on a case-by-case basis using the description below. Inevitably, there will be borderline cases that rely on the judgement of the people involved and it will be expected that the Recipient holds discussion with the Grant Manager.

- An event defined as a serious incident although not necessarily resulted in serious harm or death.
- An incident (or series of incidents) that prevents, or threatens to prevent, an organisation's ability to continue to deliver an acceptable quality of services.
- Acts and/or omissions occurring as part of an intervention (including in the community) funded by the Commissioner that results in:
 - Unexpected or avoidable death of one or more people. This includes suicide/self-inflicted death; and homicide by a person in receipt of mental health care
 - Unexpected or avoidable injury to one or more people that has resulted in serious harm
 - Unexpected or avoidable injury to one or more people that requires treatment by a healthcare professional in order to prevent the death of the service user; or serious harm
 - Actual or alleged abuse; sexual abuse, physical or psychological ill-treatment, or acts of omission which constitute neglect, exploitation, financial or material abuse, discriminative and organisational abuse, self-neglect, domestic abuse, human trafficking and modern day slavery where the service did not take appropriate action/intervention to safeguard against such abuse occurring; or where abuse occurred during the provision of the funded service / intervention. This includes abuse that resulted in (or was identified through) a Serious Case Review (SCR), Safeguarding Adult Review (SAR), Safeguarding Adult Enquiry or other externally-led investigation, where delivery of the intervention /service caused/contributed towards the incident.
