

The information provided in this document highlights all funding that has been awarded by the Police and Crime Commissioner for Northumbria during 2023-24.

Please note that this document will be updated throughout the year if/when further funding is provided.

Funding has been split into the following funding streams which are:

- The **Supporting Victims Programme (SVP) 2023-2026** strengthens the overall offer of support to victims of crime in Northumbria, builds capacity and maximises potential of the specialist services available to support victims to cope and recover. Our vision is to ensure that victims of crime feel confident to seek help and when they do, they are provided with a choice of high-quality support tailored to meet their individual needs. The key themes within the Supporting Victims Programme are domestic abuse, sexual violence and abuse, young people and child victims, victims of stalking and harassment, victims of hate crime, victims of violent crime (violence against the person), victims with mental health needs and victims with other vulnerabilities (including exploitation). Following sustained campaigning from Northumbria PCC and others, the Ministry of Justice has committed to a multi-year funding settlement which has allowed us to pass on multi-year commitments to our providers.
- The **Domestic Abuse and Sexual Violence (DA & SV) Community Fund** aims to increase the provision of specialist support services for victims of domestic abuse and sexual violence in Northumbria. This funding has been awarded from the Ministry of Justice and spans over three years (2022-25).
- The **ISVA and IDVA Fund Rounds 1, 2, 3 and 4** has a purpose increasing Independent Sexual Violence Adviser (ISVA) and Independent Domestic Violence Advisor (IDVA) provision in Northumbria. ISVAs and IDVAs provide specialist practical and emotional support for victims of sexual violence and domestic abuse – they can help a victim with everything they need to become safe and rebuild their life, as well as helping a victim navigate the criminal justice system and working with the different statutory agencies to provide wrap-around support. This funding has been awarded from the Ministry of Justice and spans over three financial years (2022-25) for Rounds 1 and 2, and 2 financial years (2023-25) for Round 3 and Round 4. With this funding, we have been able to increase the overall provision of ISVAs and IDVA support in Northumbria and the specialisms they have. ISVA and IDVA specialisms in Northumbria include children, ethnic minority women, victims with disabilities and LGBTQ+ victims.
- The **Male Rape Support Fund** aims to increase the provision of high-quality specialist services that provide tailored support for men and boys who have been victims of sexual violence and abuse, including recent and non-historic child sexual abuse. This funding is from the Ministry of Justice and extends 2022-23 projects until 31st July 2023.
- Northumbria PCC bid for and was successful in receiving funding from the **NHS England Sexual Assault and Abuse (SAAS) Fund** to strengthen the provision of services for sexual violence victims in Northumbria. This funding has been granted from January 2023 to March 2024.

- The **Children Affected by Domestic Abuse (CADA) Fund** aims to support and enhance the provision of therapeutic services for children and young people affected by domestic abuse. Funding has been awarded from the Home Office for 2.5 years (October 22 – March 25) to fund the following:
 - Delivery of 1:1 and group-based therapeutic services for C&YP alongside collaborative work focused on the individual, relational and contextual factors affecting their readiness to engage.
 - Delivery of parental engagement interventions focused on enhancing the non-offending parent's readiness for and ability to support their child's engagement with therapeutic services.
 - Delivery of joint interventions for children and young people and the non-offending parent, including those that address the impact of domestic abuse on their relationship/attachment.
- The PCC bid for and was successful in receiving funding from the Home Office's **Safer Streets Fund Rounds 4**. This funding aims to make public places safer and feel safer for everyone. The Northumbria region was successful in all four bids submitted – the PCC led on three bids, with the fourth being led by Sunderland City Council. The bids focus on **Anti-Social Behaviour (ASB) on public transport, Women's Safety in Public Places (WSiPP)**, and **rural crime in Northumberland**. Funding has been provided until September 2023 to deliver a range of interventions that aim to prevent and respond to crime, change behaviour and improve reporting.
- Following the success of Northumbria's Safer Streets Round 4 projects, the PCC is receiving funding from the Home Office's **Safer Streets Fund Round 5**. The projects that are being carried out with this funding build on successes from the previous round and will continue to focus on ASB and women's safety in public places, with the ASB project now focusing on motorcycle ASB as well as ASB on transport. In addition to the ASB and women's safety projects, a new project focused on targeting and reducing ASB deliberate secondary fires is being delivered.
- Northumbria has been selected by the Home Office to be one of their ten trailblazer areas to pilot two new projects to tackle Anti-Social Behaviour (ASB). The PCC has received over £2 million for the **ASB Trailblazer Project** which has two strands – Immediate Justice and Hotspot Response. Immediate Justice will see ASB perpetrators repair or make good the damage caused by the offence or uptake up to 20 hours of unpaid work. Hotspot Response will deliver a stronger, focused approach to deterring and tackling ASB across transport networks as well as in three communities suffering high levels of ASB. This funding is for the 2023-24 financial year, with further funding to be confirmed for 2024-25.
- The **Operation Payback Fund** is underpinned by money seized from criminals. It supports many local projects, services and community groups that strive to improve lives in their area and help keep making a positive difference in their neighbourhood often repairing the harm caused by crime. **Full details of Operation Payback grants can be found [here](#).**
- **Full details of all Violence Reduction Unit grants can be found [here](#).**

Supporting Victims Programme 2023-26

Three-year funding from April 2023 to March 2026, with additional 'Uplift' funding for the 2023-24 financial year only. The amounts below reflect the total award for 2023-24.
