15/25	<p>Is it a standard provision or requirement in contracts with third-party providers of relevant services (e.g. domestic abuse services, victim support), for them to use the DASH risk assessment checklist as part of their service?</p> <p>Is it a standard provision or requirement in contracts with third-party providers of relevant services, for them to use the DARA risk assessment checklist?</p>	<p>There is no requirement in our grant agreement for relevant services to use DASH risk assessment as part of their service. However, the main services which are commissioned to provide domestic abuse support in Northumbria all use DASH risk assessment as standard practice.</p> <p>No. Northumbria Police are not yet a DARA force but are moving towards that. At present there are no plans for commissioned services to move away from the DASH RIC as the core risk checklist.</p>
	<p>What is the name of any current provision of domestic abuse perpetrator services you have commissioned?</p> <p>Which service(s) run these?</p> <p>What is the length of these contracts?</p> <p>What is the total amount awarded to these programmes?</p>	<p>The Northumbria Violence Reduction Unit (VRU) has been working with partners to develop a range of domestic abuse services across the Northumbria area. These include:</p> <ol style="list-style-type: none"> 1. The CARA Intervention - The Northumbria VRU has been working with Northumbria Police, Hampton Trust & the Home Office to develop the CARA offer for those individuals who have been arrested for the first time for a domestic abuse related offence. 2. Make A Change (MAC) Newcastle – The Northumbria VRU has been working with Newcastle City Council, Respect & the Home Office to develop the Newcastle Domestic Abuse Perpetrator service. This service is offering the Respect MAC model for standard and medium risk perpetrators and the Northumbria Hub & Spoke Service for high risk, high harm and serial perpetrators of domestic abuse. 3. The Northumbria Hub & Spoke Model (the H&S Model) - The Northumbria VRU has been working with Northumbria Police, Local Authority partners and the Home Office to develop a 1:1 Intensive Case Management approach to high risk, high harm and serial perpetrators of domestic abuse (DA) known as the Northumbria H&S Model. This model is delivered across 6 local authority areas and by 4 service providers funded to work in a single local authority area, to attend the local MATAC panel and work alongside partner agencies in the delivery of disruption, support and

		<p>stabilisation and behaviour change interventions. The service is available regardless of sex or gender identity.</p> <p>NB There is also a stalking pilot known as the Northumbria Stalking intervention Programme (NSIP). This is a multi-agency risk management approach and does not currently include direct interventions with perpetrators. This means there is not a commissioned delivery provider. The NSIP team consists of an officer from Northumbria Police, Probation and CNTW (mental health trust) who advise referring agencies on cases of high concern. An embedded NSIP clinic applies the stalking risk profile to aid case formulation and risk management advice. The support to stalking victims within the NSIP pilot is funded by Northumbria OPCC (with a grant to Paladin).</p>
		<p>Which service(s) run these?</p> <ul style="list-style-type: none"> • CARA – This perpetrator service is delivered by Talk Listen Change. • MAC Newcastle – This perpetrator service is delivered by Harbour Prevention Services • The H&S Model – The six perpetrator services are delivered by Harbour Prevention Services (Northumberland, North Tyneside & Newcastle), Gateshead DA Team (Gateshead), Restart (South Tyneside) and Right Turn (Sunderland).
